ADULT DAY CARE CENTER

Meeting the Needs of Families and Caregivers

Providing You with the Care You Deserve

2nd Home Adult Day Care Center is embarking on a new era for the LTC industry, one where adult day care and other innovative home- and community-based programs will ensure that innovative providers can best care for a shifting and growing senior population.

Our Goal

2nd Home is an Adult Day Service Center- based upon a social model- with the goal of providing social contact, companionship, engaging activities, nourishing meals, and supervision for the dependent adults who attend our program. For their family caregivers, we offer a break from the demands of caregiving.

Our Difference

2nd Home Adult Day Care Center allows individuals to remain in their home settings rather than an institutional setting, which is what the majority of caregivers and care recipients desire.

Center Services

2nd Home Adult Day Care Center is designed to offer members and caregivers daytime programming, emotional support and assistance with healthcare issues.

- Therapeutic Programming
- Community Outings
